1 Industrial Training Guidelines for Students

Students are required to participate and work as industrial trainees in the industry of their chosen discipline. Industrial training is a credited course programme, and thus is compulsory in order to satisfy the degree coursework requirements for graduation.

1.1 Background

Industrial training provides the impetus for students to comprehend and appreciate real-life working experiences. Students may realise their ambition and ascertain their career path from the experience gained during industrial training. The attachment provides students the opportunity to meet and network with people in the industry, and the industry the opportunity to identify talents and potential skilled workers. Students may also get the opportunity to specialise in niche areas.

1.2 Objectives

The objectives of the Industrial Training programme are as follow:

- 1.2.1 To provide an opportunity for students to discover, learn about, and familiarise with the industry of their discipline, and with organisations within the industry. Students will acquire interpersonal skills through meeting with professionals in their field of study.
- 1.2.2 To provide an opportunity for students to observe real-life practices and implementation of theoretical lessons and principles. Students will acquire practical skills and experience working on projects and alongside industry experts.
- 1.2.3 To provide the opportunity for the industry to identify potential employees from among the industrial trainees and to feedback comments on the programme. Students will benefit from coursework tailored to meet training expectations of the industry.

- 8.3.11 Business knowledge.
- 8.3.12 Other skills and knowledge requirements/necessary for work or career.
- 8.3.13 Specific directions of the company (public information).
- 8.3.14 Work Culture of the company and also of the industry.
- 8.3.15 Work Ethics of the company/industry.
- 8.3.16 The industry and its markets.
- 8.3.17 The industry and its governing operation standards (if any)
- 8.3.18 The industry remuneration standards and employment conditions.
- 8.3.19 Expectation of the company/industry in general on employees.
- 8.3.20 Technicalities on the project that you worked on without breaching any term of agreement with the company.
- 8.3.21 Your ambition/career aspiration now - on completion of industrial training.
- 8.3.22 Any information that you consider useful for this report.

8.4 Submission of Final Report

Each student must submit a Final Report and deliver a presentation on industrial training at the end of the industrial training period.

Important: Attach your Weekly and Monthly Report with this Final Report and any other relevant material. The Monthly Report must be signed by your supervisor. Discuss and verify your Final Report with your supervisors.

Final Report must be handed in to the Faculty General Office on the first week of the new semester.

Do you agree to have UTAR to conduct an Industrial Training placement for you for the January 2021 Semester?

YES. I agree to have UTAR to conduct an Industrial Training placement for me.

NO. I will look for a company on my own.

I agree with the Letter of Indemnity (downloadable [here](#)) and the Terms and Conditions above (downloadable [here](#)).
